

Sturdy and well protected from hard use, yet still light and sleek in design. The MPT-211 PureTAB is a Tablet for use in demanding environments such as the checkout area, back office or in the storeroom.

Coupled with the PureDOCK docking station or the PureEXPANSION module it is a powerful POS system with plenty of I/O ports.

The MPT-211 PureTAB possesses all the benefits of a Tablet while having virtually no downtime at all, thanks to the internal back-up battery and the hot-swappable main battery.

Tablet Computer

MPT-211 PureTAB

The main battery can be changed without tools in a few seconds without needing to shut down, thanks to the integrated back-up battery

The additional PureDOCK docking station provides more I/O connectors and a charging slot for a second battery

The PureEXPANSION module provides VESA mounting points and additional I/O connectors

Bumpers, Gorilla® Glas 3 and sturdy design, tested according to MIL-STD-810G, protect the MP-211 PureTAB from damage
