

Well-conceived  
High Performance  
Versatile

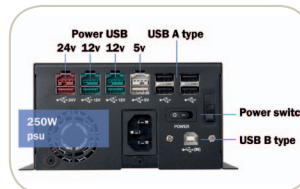

The P-USB BOX is an extremely versatile active USB hub (self-powered). With four standard USB and four powered USB ports, it is perfectly tailored to meet the challenging demands in retail. The integrated switched-mode power supply ensures a sufficient current for the USB interfaces. The P-SUB BOX can be combined with all 4POS terminals and is also compatible with the vast majority of POS systems or computers from other manufacturers.

# P-USB BOX

1. Small in size but consolidated in design

2. Multitude of Powered USB Ports
